

# The Aotearoa Inner Development Goals (IDG) Network 2026 Webinar Series

12.00 to 1.00 p.m. Wednesday 22 April

## April Webinar: The IDG core beliefs and guiding principles

Join us to learn what sits behind this global community, the core beliefs and the guiding principles framing the movement. The principles are currently in a state of evolution, and the movement welcomes feedback. This session provides context for the IDG movement, introducing those not familiar and reconnecting those who are

**Speaker:** Jo Wills,  
IDG Ambassador

Jo Wills draws on the IDG guide as a common language for her mahi, connecting people in business with ideas, knowledge and action towards business practice that serves people and planet. Jo's focus, based on 20 years working in sustainability, is at a systems level, adopting the principles of the Wellbeing Economy and Doughnut Economics. She is a regular guest speaker, writer, podcaster as well as running Green Drinks and an IDG hub in Tauranga. She works with Sustainability Options, a social business of 13 years, which operates for the common good, not private profit.

## About the Inner Development Goals

The Inner Development Goals (IDG) is a non-profit and open-source initiative, a Global Community of Practice with 800+ Hubs & Networks around the world, that advocate for inner development and enables its integration into society. Its vision is to see a world where inner development is unlocking our potential to build a flourishing future for people and planet.

[Join an IDG Hub, or start one where you live.](#) Contact us for help or go directly to the Inner Development Goals website.
